Flower girls were the nieces of the bride, the Misses Joanne and Janet Fischer. Following the wedding ceremony a reception was held in the Hotel Canadian Room.

DRAYTON VALLEY

HIGHLIGHTS

By Edith Dohy

Our deepest sympathy is extended to Mr. and Mrs. Gerald Hunsford whose eldest son, David, met a tragic death on Sunday.

The passover is in readiness, the ducks are bought, the reservations are in order and Mr. and Mrs. Alex Starling will be leaving for their native Wales by the end of the month. Mr. Starling says they will be away two years. Mrs. Starling thinks two months will be long enough to be away from the children and their families. Have a good time, folks, and best wishes for happy landings.

Mrs. Clifford Holmes entertained at her home on the week end with a buffet shower for Miss Faythe Wig, whose marriage to Mr. Glen Wood will take place in Drayton Valley United Church on November 16. Miss W. Andrews and Mrs. Conzemeyer assisted Mrs. Holmes with serving.

PREGNANCY TESTS FOR
REF. CATTLE.

This is the time for beef cattle producers to discuss pregnancy testing programs with their veterinarians. A severe fertility problem can be just as disastrous to a cattlemen as a severe milk problem can be to the grain producer.

Although only 3 to 5 per cent of cows are sterile, according to average figures for large cow populations, there are many other factors involved. Among these are a sterile bull, vitamin and other transmissible venereal diseases in the herd.

There is still no simple method such as a blood test to determine pregnancy in the early stages because hormone changes are so small to measure either chemically or biologically. There is, however, a manual method which is quite accurate when used by experienced personnel 60 days after the animal has been served.

According to H.B. Jeffery, Supervisor of Artificial Insemination, the manual method is based upon the palpation of the reproductive organs through the wall of the rectum. The condition of the uterus, ovaries, the uterine arteries and the presence of absence of fetal membranes in the uterus are the guide upon which the diagnosis is made.

Mr. Jeffery stresses that a skilled veterinarian should be involved to do this test because considerable care must be taken to prevent damage to delicate tissues and to avoid causing an abortion.

Figures show that during the last five years veterinarians have tested many thousands of cows in Alberta. Much of this was done in the ranching area to enable beef cattle producers to eliminate "winter losses".

GLOVER BROWN ROOF ROT More information about a disease of clover and alfalfa that appears periodically in Alberta is being sought by the Department of Plant Science at the University of Alberta. Directing the study is Plant Pathologist Dr. M. Colwell.

Brown Roof Rot is the disease. Dark brown chocolate coloured lesions occur on the roots, three or four inches below the soil surface and the leaves and roots are cut off. Later, at the base of the tap root and laterals, there are oval black bodies containing spores.

"We want to know how habits diehard is spread," says Dr. Colwell, and for that we need to know more about the fungus that causes the disease. With many diseases it is the older plants that are attacked, but in this case we have found even first year growth infected."

The organism causing the disease has been found on wild lupines and vetches, and may itself be native. Whether or not this organism is directly responsible for the brown roof rot is something the researchers want to know. It may just start the trouble and open the way for secondary organisms to enter.

Discovery of the organism in this way is not new. It was reported from near Hamilton in 1959 by Dr. R.C. Stanford. During the past year the dis-

ONCE MORE THE DAY OF REMEMBRANCE ROLLS AROUND. NOVEMBER 11, 1918, GAVE THE SIGNAL FOR THE CESSATION OF THE HOSTILITIES OF THE FIRST GREAT WORLD WAR. LATER, IN THE YEARS THAT FOLLOWED IT BECAME KNOWN AS "REMEMBRANCE DAY," TO COMMEMORATE THE HONOURED DEAD OF ALL THE WARS FROM THE SIGNING OF THE AMISTICE IN 1918 ON.

BUT TWO SHORT DECADES LATER THE GREAT NATIONS OF THE WORLD WERE AGAIN LOCKED IN TITANIC CONFLICT. THE WAR OF 1914-1918 WAS CALLED A "WORLD WAR," BUT THE WAR WHICH FOLLOWED IT SOME TWENTY YEARS LATER WAS TRULY GLOBAL IN SCOPE AND EXTENT. FOR MAKING NO JUSTIFYING NO SMALLER THE WORLD IS IN RELATIONSHIP TO HIS FATE. BE MEANS OF TRAVEL AND HIS VASTLY INCREASED AND IMPROVED METHODS OF DESTRUCTION.

AS A MEMBER OF THE GREAT COMMONWEALTH OF NATIONS, CANADA, IN THE LATE 19TH CENTURY FORTH FROM MOTHER ENGLAND. "I WISH MY SONS... MY DAUGHTERS... AND FROM THE LENGTH AND BREADTH OF THE WORLD THEY RESPONDED... HERE AM I, SEND ME..."

THEY DIED, ON FLANDERS FIELDS AND IN MANY OTHER PARTS OF THE WORLD WHERE THE GREAT WAR RIT IN UNLISHED FURY. THEY DIED IN THEIR MULTITUDES THOUSANDS. LEFT ALONE WERE WIVES, AND CHILDREN, AS THOSE FATAL WORDS WERE CRYED TO THEM... "KILLED IN ACTION..."

THEN CAME THE ELEVENTH DAY OF NOVEMBER OF THAT YEAR THE WORD WAS FLASHED... "THE WAR IS OVER... BEAT THE REJOICING... PLOWSHARES AND THE SPEARS INTO PRUNING HOOKS. MANKIND WILL MAKE WAR NO MORE... THE RISING GENERATION WILL NOT KNOW THE HORRORS OF WAR..."

BUT THAT GENERATION THEN BARBS IN ARMS, AND YOUNG CHILDREN DID KNOW WAR IN THEIR TIME... KNEW A WAR MORE DEVASTATING, MORE WORLD-WIDE, MORE HORROR THAN EVEN THAN HAD BEEN THE WAR OF 1914-1918. NOR WAS IT EVER TO KNOW FREEDOM FROM THE SPOTS FAR REMOVED FROM THESE SHORES. WAR'S UGLY HEAD WAS RAISED AGAIN AND AGAIN.

BUT TO THE HORROR OF WAR HAD BEEN ADDED A NEW, ALL-CONQUERING HORROR, THE DEVIATION OF THE ATOM BOMB. TWO CITIES IN JAPAN WERE WIPED OUT, OBLITERATED IN THE SOBERING REALIZATION THAT ANY PART OF THE WORLD COULD BECOME A BATTLEGROUND, AN INFERNAL OF DESTRUCTION...

THIS DAY, THE ELEVENTH DAY OF NOVEMBER, 1963 WE STAND WITH BOWED HEADS IN MEMORIAL, NOT ONLY FOR THOSE WHO GAVE THEIR LIVES IN BOWED LOW IN SILENT TRIBUTE, LET US REMEMBER TODAY OR TOMORROW IT MAY BE US... LET BE DONE ON EARTH... AND THAT WILL OF THIS EARTH... THROUGH THE ESTABLISHMENT THRONES... FORGIVE US OUR DEBTS... AS WE ALSO FORGIVE OUR DEBTORS...

"What Remembrance Day Means To Me"

As they do each year, Drayton Valley school children have been given to their High School and High School students of this district the opportunity to write commemorative essays for the November 11th Remembrance Day. The theme was "What Remembrance Day Means To Me".

The following is the First Award winning essay, written by Edward Sommer, of the High School, Drayton.

It is with sad hearts that we pause once again, on November 11th, the eleventh, to remember those who bravely fought in two World Wars. Once more we take a day from our busy lives to honor those courageous people who fought and died so that we might have peace and freedom. I wish my sons... my daughters... and from the length and breadth of the world they responded... here am I, send me...

AS WE TENDHOUR OUR HEADS IN A PLACE DEDICATED PURPOSE, HOME IN EVERY SENSE OF THE WORD, WE MUST REMEMBER THAT THOSE WHO GAVE THEMSELVES IN WAR, THAT WE LIVE IN PEACE.

THESE MEN FIGHTED FOR US, IN THE NAME OF OUR COUNTRY, AND WE MUST REMEMBER THEM. WE MUST REMEMBER THEM FOR THE FREEDOM THEY GAVE US, AND WE MUST REMEMBER THEM FOR THE FREEDOM THEY GAVE US.

THESE MEN FIGHTED FOR US, IN THE NAME OF OUR COUNTRY, AND WE MUST REMEMBER THEM. WE MUST REMEMBER THEM FOR THE FREEDOM THEY GAVE US, AND WE MUST REMEMBER THEM FOR THE FREEDOM THEY GAVE US.

THESE MEN FIGHTED FOR US, IN THE NAME OF OUR COUNTRY, AND WE MUST REMEMBER THEM. WE MUST REMEMBER THEM FOR THE FREEDOM THEY GAVE US, AND WE MUST REMEMBER THEM FOR THE FREEDOM THEY GAVE US.

THESE MEN FIGHTED FOR US, IN THE NAME OF OUR COUNTRY, AND WE MUST REMEMBER THEM. WE MUST REMEMBER THEM FOR THE FREEDOM THEY GAVE US, AND WE MUST REMEMBER THEM FOR THE FREEDOM THEY GAVE US.

So let us, on this day of commemoration, pause in our daily lives to remember those who gave us the freedom we now enjoy. We must remember them for the freedom they gave us, and we must remember them for the freedom they gave us.

THESE MEN FIGHTED FOR US, IN THE NAME OF OUR COUNTRY, AND WE MUST REMEMBER THEM. WE MUST REMEMBER THEM FOR THE FREEDOM THEY GAVE US, AND WE MUST REMEMBER THEM FOR THE FREEDOM THEY GAVE US.

The office manager frowned at the clerk, "Mr. Williams," he said, "I'm afraid you're leaving my efficiency system."

"Maybe I am sir," admitted

the clerk, "but someone has to get the work done."

There are more important things in life than money — but they won't go out with you if you're broke!

The latest thing in labor-saving devices is the electric tooth brush — but there is still the exhausting drudgery of squeezing tooth paste out of the tube.

"The gas company checked it — and it didn't cost me a penny!"

"The serviceman said there'd be no charge. Appliance adjustment is just part of the service."

Many of our Gas Company customers are still surprised to learn that appliance adjustment service costs nothing extra. It is the gas company's way of making sure that your appliances are operating with efficiency and safety.

Efficiency and safety — combined with friendly service and low-cost fuel — these are important reasons why Albertans enjoy the best possible gas service at the lowest possible cost.

Burning alive is a horrible way to die. Knowingly to expose a child to perils in fire is a cruel betrayal of trust.

"WHAT REMEMBRANCE DAY MEANS TO ME"

(Cont. from Page 11, Col. 8)

Remembrance Day means some thing special to me. Not because my father was one of the men who died because of his opinion it takes a big man to leave everything of his and to think only of small children. I think for these men it took a great deal of thought and time to make up his mind whether to go home or not. I just think they thought of all the people and the privileges they had had. I think their thoughts would turn to his children and he might have thought what it might be like for these children to grow up under a government run by a dictator. He might think of their possibilities of being able to have their choice in subjects when and if they got to University. The men after children like

Now every year on November 11, people from all over the world give a contribution and war people. Some of these people probably don't understand fully why they do this. They probably know this day signifies the end of a war, but do they know this means all the men who because of this war live in solitary peace. We not only honor these men but also the men who came back but not all in one piece. These men have a greater right than a war yet to fight. Please, for these men, buy a poppy and give a generous contribution. For with this little bit of money you are supporting these men who live in the hospital beds.

Remembrance Day to us should always mean more than just another holiday. It should mean a life worth living for, our children with the freedom of life that these brave and courageous men fought for. I

think on this November 11 that we, every man, woman, or child of any crowd, that live in a gloriously free land should lift up our heads in a prayer of thanks for these men.

JUNIOR CITIZEN AWARD WINNER

RONNIE LEIREN BAWLF, ALBERTA

It was the Easter holidays, and Ronnie and his brother and sister were initiating their cousin from the city into the mysteries of farm life.

It was a week though, that turned out to be almost tragic!

The afternoon was lovely, just meant for exploring — and when they found some logs in the drainage ditch, the temptation to use them to cross proved too great.

Returning back across the drainage ditch three of the children crossed safely, but Ronnie's six year old sister slipped and fell into the water. Ronnie jumped

into the water and grabbed for the parka his sister was wearing. The parka had come off over her head and the girl was floating downstream. Ronnie swam after her and pulled her to safety. But for his quick action his sister

would have drowned.

Not only did he save her life, but also showed the presence of mind to remove her wet clothes and wrap his dry jacket around her before carrying her home.

The editors of Alberta's weekly newspapers join with us in congratulating Ronnie — a member of the Bawlf Scout Troop.

This is one of six announcements about the 1962-63 Junior Citizen Award winners. Calgary Power Ltd. gratefully acknowledge the active participation of Alberta's weekly newspaper editors, whose enthusiasm has done so much to make the Alberta Junior Citizen program possible. For this winner our special thanks go to Mr. and Mrs. James Think of Kelsey, Alberta and to the Editor of the Canmore Canadian who nominated Ronnie for the award.

SERVING THE PROVINCE OF ALBERTA

Over age 50? How about YOUR life insurance.

The 50's bring new dimensions to life and to a man's need for life insurance. The children have grown up, retirement is not far away and the tax people are getting interested in your estate.

You need a lifetime income for your wife—a requirement that is emphasized when your wife's life expectancy tables and the good chance most men have of outliving their husbands.

A surprising number of people have taxable estates these days, thanks to inflated values. Estate taxes could be a thorny problem for your heirs and may require the sale of irreplaceable assets.

Age 65 for most men brings retirement—years that can be a rich and satisfying experience if you have enough income.

The ideal solution to all these problems is Life Insurance, guaranteeing immediate cash or lifetime income depending on the need. Talk to the Man from Manufacturers. You'll find him especially helpful in measuring your present insurance against these "new dimensions" after 50.

EDMONTON, October 31, 1963. Two Alberta farmers both from the Medicine Hat area, and now residing in Edmonton, are shown here taking part in an activity which is occurring again and again all over the Province. The Hon. H. E. Stroom, Alberta Minister of Agriculture, is receiving his F.U.A. membership, U-day membership drive co-ordinator, Gerald Schuler (left) votes out Mr. Stroom's receipt as the Minister reads his cheque. Both men continue to serve again here though at present they are not living on their farms. However, they keep an active interest in their home places, where Mr. Stroom's family farms 3200 acres, part dry land and part irrigated at Minnetonka, and the Schulers operate a large dry land farm near Hilda. The two men are next door neighbors in Edmonton.

PUBLICITY BUREAU

The Alberta Department of Agriculture has co-operated with those of Manitoba and Saskatchewan and with the Canadian Broadcasting Corporation in producing the 1964 version of "This Business of Farming," a farm television short which was initiated in Manitoba two years ago and which this winter will become a regional show.

"This Business of Farming" will be telecast by fourteen television stations on the CBC private network Monday, January 6 will

to Friday, January 10, 1964, from 10:30 to 11:30 a.m. Course content will include soils, forage crop management, and beef cattle production. The fifth and final day of the course is being produced as a provincial show. On this day, the Alberta Department will feature "Farm and Home Management," and improved family living. This program will stress the role of the farm family in making major decisions affecting the operation and management of the farm.

The television course is planned to appeal to all rural viewers in the province. Farmers, provincial agriculture specialists, University staff members, and Canadian Department of Agriculture experts and others will pool their talents to present the latest information and trends.

Department of Agriculture officials say that the medium of television has provided a means of reaching more people and extending their educational programs. They state that the content of "This Business of Farming - 1964" has been planned to be of interest to a wide audience.

Audience research in 1962 proved that over 50 percent of Manitoba farm operators watched the show with a total of from 19,000 to 23,000 adult viewers each day. Course officials expect a third of a million viewers in 1964.

"Enough there" the remarks of Edward A. Farrow. He will not get through a lecture by the barrel.

"Call me a taxi," said the fat man.

"Okay," said the doorman. "You're a taxi but you look more like a truck to me."

WHAT OTHERS ARE SAYING

TAKEN FROM THE NOVEMBER ISSUE OF ASTRONAUTICS

THIS ARTICLE DEALS, OF COURSE, PRIMARILY WITH THE U.S.A. BUT SINCE WE ARE SUCH CLOSE NEIGHBORS AND ARE SO CLOSELY LINKED WITH THE U.S.A. IN THE ECONOMIC FIELD, WHAT CONCERNS THEM CONCERNS US ALSO TO EDITOR OF ASTRONAUTICS MAGAZINE.....

It is true that our present Chief Executive is very popular. So is his wife. Their children are too. In most foreign countries where our President travels occasionally he is received with enthusiasm. The common people love his charm and manner, admire his private life, accept his statements of intention at face value. There is no doubt about his being an asset to the American image abroad. But it is really the quality needed to save our country from the serious trouble looming ahead.

Let us face the facts. Since Mr. Kennedy was inaugurated as President, the Soviet Union has succeeded in establishing a base of operations in Cuba. Castro is now stronger than ever. Cuba has cut off our country an enormous financial benefit to us - they do not want to be; they would rather go back to fight Castro but we do not permit them to try. All of South America is in danger of succumbing to the Communists. The Monroe Doctrine evidently is lame. It is the Soviet Union that has achieved a "new frontier."

Red China invaded India. All of southeast Asia is in danger of the Communists there. Pakistan and India fear each other because of the China invasion. We are not at war, yet American servicemen are dying on the battlefields of Vietnam. All of this is a favorable development for the Communists in Asia. There it is Red China that has achieved a "new frontier."

And there are additional problems that must be solved. Domestically, there was the 1960 stock market drop we have had the worst intermarital divorce since the Civil War, extremely bad labor within the revolt of the farmers against the Administration's control, a shifting cost of living, a rising cost of many items. Viewing the situation as it really is, one wonders, about the new frontier we heard so much about during the 1960 campaign. Where is it? In our space achievements? But the Soviet have gained in that area also, and in some ways they are ahead of us.

The astrologer calls attention to the fact that there is no ominous aspect coming up in 1965. In 1965 of Saturn opposite Uranus and Pluto, from Pisces to Virgo, and its advance of influence is already being felt and in 1964 it will be felt more deeply. It is a rebellion aspect. In Pisces and Virgo it concerns minorities - the labor union minority the race, etc.
